STUDENT LEADERS IN LOCAL SCHOOLS ARE GIVEN DUTIES

Junior High Classes Elect
Officers; Paper Issued
First Time Today

FOOTBALL TEAM FORMED

Safety Committee Members at
Tenth Street Given Badges
This Morning

Student leaders in the schools of Upland were announced today, as the result of class elections, organization of a group to edit a paper at the junior high school and the appointment of members of the safety committee at the Tenth street school.

Howard Roberts has been elected president of the ninth grade at the junior high school, the other officers being Paul Smith, vice president; George Prough, secretary; John Meek, treasurer and Elbert Lindsey, program chairman.

Eighth grade officers are David Ward, president; Jack Atwood, vice president; Leonard Mather, secretary and Donovan Snowwater, treasurer.

First issue of the junior high paper appeared this afternoon. Virginia Putnam is editor in chief, with Nellie Jones and Margaret Hill, associate editors. Sports editors are John Meek, boys, and Edna Rose, girls.

Alan Barr, assistant cashier of the First National bank, spoke before the eighth grade class, which is studying finance, banking and arithmetic. Some of the students were to visit the bank late this afternoon.

Football Team Wins

With one victory tucked away, the junior high football team is after more games. One was scheduled for last night with the Ontario junior high but rain interfered.

On the team are Merton E. Hill, Jr. and Ralph Hames, ends; Allan Bovee and Evan Bohen, tackles; Howard Roberts and Larry Smith, guards; Ed Kirkpatrick, center; John Meek, full back; Denzil Kearney, quarter; and Otis Baker and Charles Hunt, halfbacks.

Safety Group Named

An assembly was held at the Tenth street grammar school this morning, in which the importance of safety from accidents was stressed. Ruth Ward gave a Bible reading and Gertrude Hamilton gave a talk on safety. The safety pledge was given by Ellen Highsmith and several songs were sung by the group.

Badges and pins were given to the new members of the safety committee, which assists the police in protecting the students from traffic and in general guards against accidents.

Those on the safety committee follow:

Patrol Leaders
Margaret Kilpatrick, Naomi Bowen, Charles Thompson, Harold Millard, Rodney Merl, Gertrude Hamilton, George Foote, Ruth Ward, Mary Okomoto and Donna Murkins

Representatives, Alternates

Phyllis Atwood, Dorothy Manley, George Collier, Willis Troutwein, Elsworth Mitchell, Waldemar Cherkak, Arlene Carr, Dorothy Benson, Dorothy Rosenberg, Ethel Graves, Evelyn Hendy, Ellen Highsmith Kobe Shoji, John Hinshaw, Buster McLean, Jean Petrow.

Mary Brainard Tent Practises on Ritual

With no important business matters claiming their attention, members of Mary Brainard Tent, Daughters of Veterans, met last night in the American Legion clubhouse and devoted most of the time to preparing for inspection which will be sometime next month. The complete ritualistic work of the order was exemplified.

Mrs. Mary Haddow, president, presided at the meeting and there was a splendid attendance of the membership.

Former Local Stars Now on Chaffey Squad

VILLAGE GOSSIP By the Mayor

Up Mountain avenue on the road to Baldy, our friend Bill Williamson bangs industriously away at his business with a contagious smile and a cheerful greeting. He's a little off the hub perhaps, but yet in the village proper.

I like Bill, and Bill seems to enjoy my visits and what's more to the point, tells me so in plain English—whether he fills my tank with gasoline or not.

Appreciation is that subtle quality that most of us crave but so few take the time and trouble to express. We get in the habit of tossing off the usual perfunctory business "Thank You!" and it doesn't always ring true.

For years we fellows down town have gotten used to having Bill come in, pay his bill, and pass out the long green till we just take it for granted. We forget that he is in business, too.

The trouble is that we are too close to our business to see it. The crush of detail irons out the human touch until we become soullessly automatic.

Prosperous merchants are outstanding signs of a prosperous community.

A business man of any craft has other responsibilities besides paying his bills. He must be a good customer of merchants in other lines, willing to deal with his contemporaries as he would have them deal with him.

Appreciation, in business circles, and maybe elsewhere, is best expressed by reciprocity. Cheerfully yours,
—HIZONNER.

EUCLID OWNERS TO GET RESTRICTIONS

Building Requirements Sought
As Means to Protect Valuable Property

With it unanimously decided by the property owners interested that strict residential zoning for upper Euclid avenue is a desirable measure, and with efforts being made to place a restriction on the value of the buildings that may come in the future, further steps were under way today to increase the fame of Euclid avenue as a thoroughfare of homes.

A petition was being circulated in an effort to bring about the restriction that only houses of the better construction and size could be built in the district.

The suggested zoning measure specifies that houses must be built at least 75 feet from the front property line and not closer than 20 feet from the side property line. The city planning commission will soon be asked by Euclid property owners to recommend to the city council that a zoning ordinance be passed including the specifications suggested.

The matter of restricting the construction of poor houses is to be placed in the deeds of the individual property owners, it is reported. Purpose of the petition being circulated was to get all the property owners to agree to the restrictions.

In a meeting Tuesday night of Euclid avenue property owners, all those present agreed to the zoning restrictions and the building restrictions. Within a short time, it is expected that the avenue will be completely safeguarded from structures that would detract from the high class residential district.

The area included in the plan is that north of Sixteenth street to the northern city limits.

team, with second game of the season coming this afternoon. Chino high school first team will be met and a week hence the league will get under way with Pomona and Chaffey sophs playing.

Bert Nichols, Roland Gibson, Carl Nicholson and Joe Coe are from last year's local squad and are listed now among Coach Kegley's players. Carl Reese, another Uplander, is one of the three quarterbacks. Bacon is another local product and is playing guard. Gibson and Nicholson are also guards, with Bert Nichols being a line man. Joe Coe is a quarterback.

Coach Kegley doesn't need to worry about the numbers of players, for he has plenty out and competition is sharp.

OLD BALDY GROUP PAYS \$600,000 TO LOCAL CITRUS MEN

Returns From Three Packing
Houses Reporting Total
\$2,130,000

EARL PAUL RE-ELECTED

305 Cars of Fruit Sent East
by Local Association;
Mr. Foss Manager

Annual report of the Old Baldy Citrus association, given yesterday morning, added \$600,000 to the previously announced returns from local packing houses, bringing the total to \$2,130,000 received by the members of three groups.

During the year, 305 cars of citrus fruit were shipped by Old Baldy to markets through the local office of the California Fruit Growers' exchange, bringing approximately \$600,000. D. R. Foss, secretary-manager, announced to the 37 persons present in the packing house on East Nineteenth street.

This is an increase of \$80,000 over the returns announced a year ago, while the number of cars sent this year was lower than a year ago.

Earl W. Paul was re-elected president, with T. W. Woodbridge, vice-president. Other directors in addition to the officers are W. A. Mackay, John W. Shepperson, Hugh Crawford and A. Bradford Whitney.

Mr. Foss was re-elected to his position of secretary and manager of the association and the packing plant.

Eighty growers belong to the association. The two other associations to report on returns were Etiwanda Citrus Fruit association and the Upland Citrus association.

Tabulated returns follow:
Etiwanda \$ 400,000
Upland Citrus 1,130,000
Old Baldy 600,000
\$2,130,000

CARS CRASH, ONE HURT, ONE HELD

Mrs. Hawkinson Slightly Injured in Accident on
West Tenth Street

Mrs. H. W. Hawkinson, West Tenth street, received a slight cut on the head when the machine in which she was riding was struck by one driven by James Salisbury, 514 East J street, Ontario. Salisbury was arrested on a charge of reckless driving and he will appear before Judge George R. Crane Oct. 17. The accident occurred Tuesday evening.

Police record of the accident revealed that both cars were going west, and in front of 550 West Tenth street Salisbury's car, which was reported to be going fast, skidded and lunged into the local woman's machine. Both cars were badly damaged.

Rain of yesterday afternoon and the speed of the Ontario machine were said to be responsible for the crash.

Automobiles driven by E. R. Moore, Twenty-first street, and J. B. Perschbacher, 1401 West Tenth street, were badly damaged when they collided at Tenth street and Euclid avenue Tuesday evening. No one was injured. Moore was going north on Euclid, Perschbacher going east, when Moore is said to have hit the other machine.

Proposed Ballot Measures Made Clear by Wiley Mather

Constitutional amendments on the ballot at the general election, Nov. 4, appear to many as a mass of words, but Wiley M. Mather, Chaffey professor, has prepared for readers of The Upland News, a concise review of the suggested changes. Today's article discusses two amendments. In next Tuesday's issue, he will discuss the proposed measures affecting taxation. A careful study of all of Mr. Mather's articles will be informative, enlightening and of great help in deciding how to vote Nov. 4.

By Wiley W. Mather
There are two amendments submitted by the legislature for popular ratification that have to do with the structure of our state government.

One is Senate Constitutional Amendment No. 11, which will be on the ballot as measure No. 20. This is merely an enabling act and declares that the legislature shall have power to include in any department of the executive branch of the state government any office, board, or commission established by the provisions of the constitution, and appointed by the governor or by the governor and senate, provided, this does not apply to constitutional offices filled by popular vote, nor does it give the legislature power to interfere

Local Telephone Situation and Difference in Rates Explained

By Edward E. Gray

To the editor:
I have been asked to write some account of the recent telephone hearing at Ontario. The matter is, of course, of paramount importance to Upland. If I understand the calculations and estimates correctly, the company hopes to increase its annual return by the sum of approximately \$55,000.00.

That is a considerable sum. In 10 years it would mean an additional \$550,000.00 out of the pockets of Upland and Ontario telephone users; while, of course, that sum would be increased proportionately as the cities increase in population and the number of telephone users increases. My outstanding impression is, that whatever increase, if any, is allowed by the Railroad Commission, the heaviest part of the burden would fall on Upland.

I am not prepared to demonstrate this conclusion in figures to any mathematical certainty, or by the nice calculations used by the experts; but as I say, my impression is that any increase allowed will be borne by Upland in a greater ratio than is the ratio between the number of phone users respectively in Ontario and Upland. If that be true, or measurably true, Upland will be paying a part of Ontario's telephone bills. For example: the proposed increase in rates

jumps higher north of Twelfth street proportionately as the distance increases while I believe the groves in Ontario will get their phones on the same basic or primary rate. In other words, as I analyze the somewhat intricate system of the telephone company, the Ontario rate is not to jump higher every mile or so from A street, while Upland's rate will increase rapidly in direct ratio as the distance increases.

The fact that Ontario is innocent of this, or unconscious of it, does not militate against the fact.

While my somewhat unfavorable opinion of "expert" testimony has not been bettered as the result of the recent hearing in Ontario, I might add that this conclusion I am here stating has been corroborated by a disinterested expert in telephone matters.

But this is merely a detail. The fundamental question is, whether the company is entitled to the proposed increase, or any part of it. That is the question now to be determined by the Railroad Commission, which is composed of honorable men who are highly trained in matters of this kind. But—and here's the rub—they must very largely determine the question by the written evidence before them.

The Railroad Commission is a highly specialized administrative body.

LIBRARY REPORT SHOWS INCREASE

September Busy Month For
Staff; Total of 13,106 Books
in Library

Circulation statistics at the Upland public library for September show an increase over the same month of last year of 356, according to a statement made by Mrs. F. H. Manker, librarian. "This is encouraging to the library staff. And of course an increase in circulation means an increase of over due notices to send—44 having been sent out during September, a cost to the library fund of \$2.20."

Six books were borrowed from the state library the last month, 78 telephone calls made to as many borrowers to notify them that certain books were waiting for them. Only 71 books were mended and 32 rebound. Fifteen books were worn out or lost and 134 were accessioned, leaving a total of 13,106 books in circulation or on the library shelves.

But three borrowers were withdrawn last month, while 46 were added, making 3072 borrowers in good standing. A total of 114 citizens of Upland took advantage of reading at the library on Sundays.

It was with real pleasure that the library staff learned this week of the appointment of Miss Mabel Gillis as state librarian, taking the place of Milton G. Ferguson, who resigned some time since to act as librarian for Brooklyn library.

Miss Gillis is the daughter of James Gillis, formerly state librarian, and she has been in the library for over twenty years, part of that time acting as librarian when Mr. Ferguson was in Africa doing some special work for the American Library association. For many years Miss Gillis has been assistant librarian and so has a very clear working knowledge of the California state library, and a very personal feeling of pride in her relations with the public of California. She has a special interest in blind readers and has done much good work for them.

AUXILIARY STARTS NEW YEAR'S WORK

Upland Unit of Legion Women
Plan For Turkey Shoot;
Other Business

Holding the first meeting since the recent installation of officers, the Upland unit of the American Legion Auxiliary began the new year's activities last night.

Because of conflict in previous arrangements, the Legion clubhouse, the regular meeting place of the auxiliary, was occupied by another organization which also meets there regularly, and the auxiliary members knowing that the Upland firemen are accustomed to being called upon for most anything and are an obliging lot, decided the fire hall was the logical place for their meeting. And the results proved their judgment correct, the novelty of the situation adding zest to the meeting.

Mrs. Edith Howerton, the new president, presided for the first time and much business was transacted with dispatch. Reports of previous meeting were heard and various odds and ends of business from the past year were taken care of.

New business consisted mostly of appointment of regular committees and the establishing of the routine work for the year. Having been installed with the elective officers at the recent annual meeting, the four appointive officers assumed their duties last night. They are: Janet Rogers, sergeant-at-arms; Mrs. Vernon Sleuman, chaplain; Mrs. Greta Gibson, musician, and Mrs. Milton Huxtable, historian.

Considerable discussion of plans for future activities was held, the most important at present being arrangements for the various booths to be operated by the auxiliary at the Legion Armistice day turkey shoot.

There was a large attendance and at the conclusion of the meeting a jolly social time was enjoyed and refreshments served.

UPLAND RECEIVES FIRST REAL RAIN OF THIS SEASON

General Storm in Valley Brings
Snow in Mountains;
Reaches to Desert

NEARLY HALF INCH HERE

Citrus Benefited But Raisins
and Grapes May Be Slightly Damaged

Extending from the coast to as far east as Barstow, the first general rain of the season, with light snow in the mountains, fell Wednesday night and Thursday, the official record for Upland kept by J. R. Johnston on Twenty-second street, showing a fall of .44 inches. Reversing the usual order when the mountains receive the heaviest rainfall, the storm seemed to center in the lower part of the valley, Ontario receiving .46 inches and Chino getting .67 inches.

Upland's record now reads:

Storm	Season	Last Year	To Date
.44	.50	.48	

While there is general rejoicing over the rain among the citrus and garden growers, the walnut, almond and raisin men are not so well pleased. However, a considerable portion of these crops, especially the raisins, were placed under cover and the loss is not expected to be heavy if the showers are not repeated.

Considerable thunder and lightning accompanied the rainstorm and although the rainfall was less in the mountains, from one to three inches of snow was reported on the ridges from Camp Baldy to Lytle creek and the San Bernardino mountains received even a heavier snowfall.

October records during the past 39 years vary from no rain at all to a maximum of 3.38 inches in 1926.

CHAFFEY GRADS TO UNITE MAY, 1931

Classes of Former Years May
Get Together as Feature
of Celebration

It will be "homecoming" for Chaffey graduates on the campus next May, if a suggestion made by T. W. Nisbet at the Chaffey board of education meeting this week, is realized.

Twentieth anniversary of the founding of the Chaffey district will be celebrated here in May, 1931. Mr. Nisbet suggested that arrangements be made to have class reunions at that time, bringing together for the first time in years the hundreds of Chaffey high school graduates.

Three events in that month will make the campus the center of much activity. Dedication of the new junior college building, and the junior farm fair will be events included in the plans for the district-wide celebration. As time nears for the event, more study will be given to the project and various committees will be appointed.

In May, 1911, members of the Ontario school board and the Upland school board consolidated and since that time other districts in what is now the Chaffey district, united. First meeting of the Chaffey board was July 7, 1911, members of the group being E. C. Harwood, H. C. Kennedy, J. O. Mills, A. B. Campbell and E. H. Jolliffe.

Wiley Mather Will Move to Upland As New Home Finished

Wiley W. Mather will move to Upland soon. This man, who is identified with the community in many activities, is planning the construction of a two story house on Laurel avenue and with the completion of the new residence, he will become an Uplander. His present Laurel address is in Ontario.

His new house will occupy the only remaining vacant lot on Laurel avenue in Upland, and until this thoroughfare is extended further north, no more houses can occupy a place on Laurel.

Work on the new house is expected to be started next week, according to the city building department, which was today checking the plans. It is also reported that H. G. Eckstein is preparing to construct a large house on Euclid avenue, near the present home of the Ecksteins.

Harry Brown, manager of the new Upland Mutual Groves packing house, has purchased a lot at 1645 Euclid avenue, and will begin work on a new house there immediately. His plans call for a \$5,500 house.

Mrs. Lucy G. Reese will build on the avenue, between Twenty-first and Twenty-second streets. She has obtained a permit for the structure at a cost of \$7,000.

PUBLIC CAN HEAR ISSUES DISCUSSED

Meeting For Oct. 28 Planned
by Woman's Club to Learn
of Measures

Constitutional amendments to be voted on at the general election Nov. 4, will be discussed in a public meeting to be held in the Upland Woman's clubhouse at 8 o'clock, Tuesday, Oct. 28.

Under the sponsorship of the woman's club, the meeting is planned and it is the purpose to acquaint the public with the measures to be on the ballot. Mrs. Una R. Winter, president, has arranged with the local service clubs and the Upland Business and Professional Women's club, to lead the discussion.

Each speaker will be assigned an amendment and in brief remarks tell about the proposal, how it will affect the voters if passed and what the condition will be if it fails.

The Rotary club has been assigned six amendments; Lions club, seven amendments; 20-30 club, five amendments; the Business and Professional Women's club, four amendments and the Woman's club four amendments.

The speakers are expected to give a concise story of the amendments and the public is urged by those in charge to be present.

Lions Enjoy Dinner, Music and Speaking

With one of the best fish dinners ever enjoyed by the club members and with one of the best musical and entertainment programs ever presented, members of the Upland Lions club in The Sycamores relaxed and enjoyed immensely yesterday's luncheon period.

Ted Moses, a Chaffey and Pomona college singer, appeared in one musical and two dialect selections. Mrs. Earl H. Johnson accompanied him. Mr. Johnson, music leader for the day, introduced the entertainer.

Bob Lambert, who last night, entertained with a speaking and shooting exhibition, told of his life in the mountains of Idaho. His experiences with animals were related and he declared that a "person is safer in the mountains any time than in any city."

Hubert Manker was program chairman and introduced the speaker and entertainer. Guests included Roy Creighton, Dave Vasbinder, Byron Ford, Clair E. Kirk, Gene Nisbet, Mrs. Carlos Lawson, Mrs. Noyes Thompson, Russell Holland, William Reehl, and Tom Cummings.

A letter was read from Norman S. Lawson, who was in Scotland at the time of writing, but who will soon be on his way home. Dale Richardson is popular with the club for his serving of good meals and yesterday's diet of fish was well received.

ALOIS PODRASNIK DONATES \$10,000 FOR CHAFFEY FUND

Proceeds of Bonds Will Be
Used in Assisting Students to Finish

SUM TO BE PERPETUAL

Local Man Makes It Possible
For More Than \$500 To
Be Used Annually

Ten thousand dollars in bonds have been given to the Chaffey union high school and junior college as a scholarship fund, annual interest from which will be given to deserving students handicapped financially in his or her educational pursuits.

Alois Podrasnik, benefactor many times to Chaffey and other institutions in the citrus belt, is the donor, announcement of the gift being made today.

The bonds will receive 5½ per cent interest, bringing \$550.

In making the gift, Mr. Podrasnik placed no restrictions and the money is to be used at the discretion of a committee of faculty members. First proceeds of the fund will be available within a year.

Dr. Merton E. Hill, principal, was out of town today and a more detailed explanation was not available. Asked for information as to how the money would be handled, Mr. Podrasnik was reticent and said that he had given the money and it would be up to Dr. Hill or the Chaffey board of education to assist those they deemed the most deserving and those needing the aid the greatest.

The endowment fund will be perpetual and the benefits will fall on either high school or junior college students.

Few persons in the Chaffey district have had more interest in the educational institutions than Mr. Podrasnik. This is his second expression through finances, the other one being a sum of \$2000, proceeds of which goes to prizes in the Armistice day oratorical contest.

Honored Tuesday on his 85th birthday anniversary, Mr. Podrasnik is still active and for years has been commander of the G.A.R. During the world war he was chairman of the Upland Liberty Bond committee.

More than 25 years ago he came to Upland from Chicago, where he had achieved outstanding success in business.

Everybody Invited to Old Time Party at Bethany Church

The Bethany Union church, the "little gray church on the hill," stands today as a "shining" example of what industry, cooperation and loving service will accomplish. Largely through the efforts of the Ladies Aid society, but also with the willing aid of the other members of the congregation, both exterior and interior of the church have been repainted and decorated, the building now being an attractive gray.

Being rightfully proud of their bright new church, which has become a real community center for the people of San Antonio Heights, a "show-off" party is being given tonight in the church social room and not only every member of the church, but every other person who learns of the event and would like to enjoy a merry, old-time party is cordially invited.

To aid in keeping the affair strictly informal and to provide novelty, a pioneer party is being planned. Everyone attending is expected to wear some kind of pioneer or old-fashion costume—or let his pocketbook suffer the consequences.

An impromptu program, directed by Mrs. J. I. Countryman, which means a lively program, will be given. There will be old-fashioned games, old-time songs, and various stunts. Halloween decorations will prevail and gingerbread, coffee and cocoa will be served.

"Come one, come all, to the social hall!" The social room in the church basement has been completely equipped; all newly painted, gaily decorated tables, bright chairs, crisp curtains and pictures make it a decidedly attractive place.

Frank Schrock arrived Tuesday from Ogden, Utah, and Mrs. Katie Troyer of Aurora, Neb., arrived Wednesday, both being called here by the illness of their mother, Mrs. Peter Schrock.

Are Colleges Out of Step With Life?

"Pop, we are through prep school. What shall we do next?" When the two sons of Hendrik Willem Van Loon asked him that question, his answer was: "I won't send you to college."

For Van Loon, war correspondent, university lecturer, and author, is convinced modern colleges are out of step with life. Writing in the October Rotarian magazine, he presents some rather disconcerting views.

In the middle ages, he points out, the so-called "classical education" was something essentially practical. Men learned Latin, not only because of the beauty of a hexameter, but because "a smooth knowledge of the international language of commerce and statesmanship provided them with pleasant and lucrative jobs as secretaries and managers to the powers that ruled this earth, and divided the riches thereof."

But, Van Loon, "the bull in the educational china shop," holds modern education has gone to seed. It has separated "the practical" from the "classical" as though they had no relationship whatsoever.

"The 'academic department' no longer bears any true relation to life," he says. "It is a sort of a kindergarten for the children of the well-to-do. Because it lacks all inner cohesion and intellectual discipline, it encourages the mind to dwindle and after four years of perfunctory and childish little tasks it leaves the boy and girl totally unfit for the harsh business of living, and even more unfit for the harsher business of making a living."

"For our modern college is neither one thing nor the other, but is everything it should not be."

"And until it shall have caught up with the times, my boys had better go lobster-fishing with Jack Mulhaley. Jack is not familiar with the split and unsplit infinitive, but he does know lobsters. And he can talk of them with feeling and enthusiasm."

Great Showing For County

A booklet recently issued by the California State Chamber of Commerce contains facts and figures very flattering to San Bernardino county and also the various cities therein. This county is one of seven in the state which showed a population gain of more than 80 per cent during the past ten years, according to the late census figures. This great county of varied resources is showing a greater percentage of gain each year and the wonderful advantages found here will constantly attract people from a distance.

The increases by counties are: Los Angeles, 155 per cent; San Mateo 110, Orange 93.3, Monterey 91.8, Ventura 90.0, San Diego 86.6, and San Bernardino 82.3. The San Bernardino county population increased from 73,401 to 133,827 in the 10-year period.

The state chamber estimates that California is increasing its population at the rate of between 2 and 2.5 per cent annually at the present time, or approximately 125,000 persons per year.

California cities are growing more rapidly than the rural districts, the figures being 77.6 per cent increase for the cities and 40.4 increase for the rural sections. The reverse is true in San Bernardino county. While the increase in the cities of San Bernardino county was heavy the increase in the unincorporated territories was even more marked.

Motorists are seldom more disgusted and "sore" than when driving along the highways and seeing "counterfeit" warning signs reading "Stop," "Slow," or some other equally alarming sign, only to find that it is the advertisement of some eating house telling you they have the most wonderful "hot dogs" in the world—when you get down to the smaller print—or some other eatables. Some of these misleading signs even have red lights flickering on and off. Adequate authority for the removal of such signs, without notice, is provided in the California Vehicle Act—and they should be removed. We do not believe such a stunt draws business for the parties putting out the misleading signs—a fellow is so sore he drives right on to some other place. And we always have doubts if the party who uses that method of advertising can be depended on for the right kind of food.

Apparently William Randolph Hearst is prouder of being kicked out of France than of anything that ever happened to him.

One thing certain: The reformers will always have plenty to work on.

The dentist has more people afraid of him than anyone else on earth.

Smoking is harmless—to the fellow who don't smoke.

Other Editors' Ideas

Put It In Circulation

San Bernardino Telegram: "There is just as much money in the country as ever," writes Roger Babson, "and the need of the hour is to increase the circulation of money. The real reason for present conditions is a lack of circulation of money, largely through non-buying."

"We will not get money to circulate faster by reducing wages, nor by discharging employees, nor by refusing to buy, nor by talking gloom."

As for this last activity, the editor of a leading business publication says the nation has "talked itself into the hospital." The time has come, then, to talk itself out.

As a Democrat Sees It

Hemet News: More and more it looks as if the big political contest in California in 1932 will be the fight between Senator Shortridge and Congressman Swing for the former's place in the United States senate.

A Texas Sign

Banning News: Corona is in the limelight. A citizen there saw a sign while driving in Texas. The

sign read: "Beware of Soft Shoulders." When he reached home the Corona man wrote back to Texas to learn what it was all about. Some Texan replied that the sign referred to soft shoulders along the pavement, and not to the ladies who ride beside the drivers in Texas. That explains it satisfactorily.

Too "Tam-many" As It Were
Beverly Hills Citizen: Governor Roosevelt threw Tammany overboard when he accepted his renomination. He cannot go to the country with his presidential aspirations and stand for Tammany just at this time when Tammany leaders are on their march to the pen. But watch Tammany vote for him if he is nominated.

It's a Waste of Time
Hemet News: Why does man try to understand woman? Once a puzzle is solved it ceases to be interesting.

You're Tooting
La Habra Star: Every woman who runs down a man doesn't use an automobile.

Ethyl: "Last night Bobbie asked me to marry him and make him the happiest man in the world." Methy: "Which are you going to do?"

News of Yesteryear

Taken from News Files

FOURTEEN YEARS AGO

Modernizing the Lemon Growers' Exchange packing house equipment is just now the problem before the board of directors and L. R. Bradley, who recently was named manager.

The Frances Paul Girls' room, was the scene of a kitchen show Wednesday evening for Miss Portia Austin, whose marriage to Amos Colborn will be an event of this month. Halloween emblems were used in the decorations.

Miss Fannie Noe, Mrs. C. F. Troeller, Mrs. F. H. Manker, Miss Griggs and M. E. Hill attended the meeting of the school superintendents of the county held yesterday in San Bernardino.

On November 1 the Citizens Land & Water company will move to the former location of the "Dairy Lunch." E. P. Fuller, agent for Los Angeles newspapers, also will have his office there and he hopes to get the smell of beefsteak and onions out of the place before moving in.

Mr. and Mrs. William Fraser of Tingley, Iowa, are guests of Mr. and Mrs. S. G. McLelland. They expect to spend the winter in California.

Our wedding rings are plump, 14 and 18 kt., absolutely seamless. Better try one if you are lonely.—Pallis, Jeweler.

As nearly as the grape growers in the Cucamonga district can estimate, their loss caused by the rain from Sept. 29 to Oct. 2, will be around \$40,000.

S. J. Honeycutt is now driving a Chevrolet "490" which he purchased last week from J. C. Peyton of the Tenth Street garage.

A Wilson and Marshall club was organized Monday night. R. O. Price was made president; C. K. Francisco, vice-president, and E. O. Bowden, secretary-treasurer.

A. P. Harwood has just issued his rain chart which he has kept for 25 years. Last season, with a total of 40.36 inches, had the highest record during that period.

The Isaac studio has undergone a decided change within the past week. A musical instruments department has been added and will be in charge of Miss Hilda Isaac.

Messrs. Eymann and Goetz proved royal hosts Thursday evening when the formal opening of the Eymann-Goetz hardware store was held.

TEN YEARS AGO

Mrs. Caroline Vermilye, supervisor of the observation ward of the Los Angeles county hospital, has been secured as supervisor of the San Antonio hospital, succeeding Miss Elizabeth Muir, resigned.

Rev. B. M. Books of Oleona, Pa., arrived in Upland Saturday and has taken charge of the Bible department in Beulah college.

Miss Lillian Graves, supervisor of the domestic science department at Chaffey, has secured a year's leave of absence and is now enrolled at Columbia university, New York.

Little Ruth Mathews celebrated her sixth birthday Friday with a party at the home of her parents, Mr. and Mrs. Elmer Mathews on Euclid avenue. Those attending were Mary and Louise Norton, Ruth Kent, Robert Catto, Marjorie Bussey, Eunice Dettweiler, Margaret Henry, Geraldine and Robert McKean, Gladys Bowden, Louise Wisely, Boyd Mathews and the hostess.

Francis McQuillen, who has been visiting his brother, P. H. McQuillen, and sisters, Misses Teresa and

PROPOSED BALLOT BILLS DISCUSSED

Wiley W. Mather Outlines
Features of Two Measures;
Others to Follow

(Continued from Page 1)

Bill No. 23
As bill No. 23 on the ballot Senate Constitutional Amendment No. 5 proposes to amend section 2 of article XVIII. If adopted, within ten months thereafter, a special election shall be called by the governor to choose 120 delegates, who may or may not be members of the legislature, to frame a new constitution for the state. The delegates shall have the same qualifications and be elected in the same manner as members of the legislature, that is, one from each senatorial and assembly district.

Within three months of their election they shall assemble in the State Capitol at Sacramento and remain in session until their work is completed, the governor fixing the day of their first meeting. They shall be entitled to the same mileage fees as legislators; further compensation shall be fixed by the legislature. All necessary expenses shall be met by legislative appropriations, including the election on the adoption of the constitution they frame. Within six months of their adjournment the governor shall call a special election on the question of adopting the new constitution.

Patchwork of Laws
Our present state constitution, adopted in 1879, was regarded as a freak by many at the time of its adoption. With the passage of years the patchwork of amendments has made it a curious mixture of organic and legislative enactments. In the 45 years from 1880 to 1928, the legislature has proposed 276 constitutional amendments, of which the voters have ratified 167. This year about twenty more are offered to us. The present constitution so narrowly restricts legislative action and contains so many legislative provisions in order that the legislature may not enact laws on certain subjects that it is necessary to change these provisions frequently on account of the great and rapid changes in state conditions.

During the past decade we have had four or five constitutional amendments on the ballot for every law placed there through the initiative and referendum. One of the advantages of this proposed amendment is that all the elections and proceedings are special. This means that the issues surrounding the framing and adoption of a new constitution may be considered independently of the complications of other issues and the selection of state officials. While this is expensive, it will be money well invested if it rids our ballot of fifteen to twenty proposed constitutional amendments every biennial election. Also the saving in shortening of the ballot will be considerable over a period of years.

Advantages Summarized
The advantages of a new constitution may be summarized as follows:

(1) The opportunity to get a shorter constitution, containing only fundamental material, which will make amendment infrequent; (2) the opportunity to carry to completion the reorganization of the executive branch of the state government by including within it all offices, boards and commissions, whether elected or appointed; (3) the opportunity to shorten the state ballot by having the governor and controller the only elected officials (and possibly the lieutenant governor). All the others now elected are either clerks or, as the case of the attorney general, officers who must be technically trained. In either case they should be appointed and brought within the executive organization. (4) the opportunity to frame a document which shall reflect the complex needs of today instead of the remote and quite different needs of 1880.

Disadvantages
The disadvantages are: (1) The danger of getting another poor document through the numerous conflicting interests represented, which may make a long document full of compromises; (2) the fact that we seem to be in a transition period and great numbers of people are bewildered; old restraints seem to be breaking down and new codes are not yet accepted; (3) the expense.

The Sweethearts
The apparently had not met for some time. They were sitting in the gloaming, listening to the languorous roll of sea below. "And you say you were in the town where I live last week?" she murmured softly. "Yes." "And you thought of me, John?" she cooed. "Aye, I did," replied John. "I said to myself, Why, isn't this where what's-her-name lives?"

HOME COMING TO BE ETIWANDA'S EVENT

Scores of Former Residents
Expected as Full Day's
Program Planned

ETIWANDA, Oct. 10.—Sunday is to be "homecoming" day in this community when scores of persons, former residents of Etiwanda, return to visit friends, to renew acquaintances and to unite together in the community church.

One feature of the day will be the picnic dinner at noon, following the church services—and the attendance at the church service is the goal of the returning friends.

"Bring a pot luck lunch. Coffee will be served."

Such is the advice sent out by the Ladies Aid society, which will look after the tables and all lunches brought in that visitors may be free to attend the morning services.

Rev. J. M. Mallows has invited members of the Claremont Lawn Bowlers club, of which he is president, for the occasion. His subject for the morning service is "The Errand of Jesus."

Special music will be provided. Rev. C. W. Greenlee, a former pastor will give an address at 7 p. m. and Mr. and Mrs. John Scott will tell of their summer vacation experiences in a trip to Canada.

ETIWANDA

ETIWANDA, Oct. 10.—C. H. Jones of San Bernardino, general agent for the Pacific Electric company looked after property interests here Tuesday.

C. Mena is moving three cottages to his camp on East Victoria avenue which he recently purchased from J. C. Jones, from his group of houses on East avenue.

Mr. Garner of Los Angeles is spending a few days with H. H. Dickens and family.

Tom Figgins is staying at Lake Elsinore for a time.

Rev. C. W. Greenlee came up from his home in Glendale Sunday joining Mrs. Greenlee who came a few days previously. They attended church services and were dinner guests of Mr. and Mrs. Ernest Mueller.

The Friendly class held its monthly get-together supper in the church basement Monday night. Sixty-two guests were present, a bountiful pot luck supper was enjoyed and a pleasant social hour spent.

A number of local people were guests at the wedding of Russell Cruise and Dorothy Hawkins of San Bernardino. Russell was a former Etiwanda boy and his many friends offer congratula-

ALTA LOMA

ALTA LOMA, Oct. 10.—In spite of the rainy weather about thirty ladies, friends and members of the Woman's Home Missionary society and of the Woman's Foreign Missionary society met at the home of Mrs. W. B. Harvey on San Bernardino Road, for a dinner and all day meeting. The morning lesson was taken by Mrs. Leslie Foster who viewed a book "From Jerusalem to Jerusalem." The afternoon was given over to a special program for the new associate members of the society, those taking part being Mrs. Capen, the president, Mrs. H. P. Brinker, Mrs. Wm. Rupp, Mrs. Charles Beckley, Mrs. E. J. Powelson, Mrs. G. J. Stoebe. Mrs. Harvey's spacious living room with a cheerful fire in the grate formed a pretty setting for the occasion, no one regarding the rain without.

Mr. and Mrs. Basil Cronkite and three children, Elva, Lansing, and Roy, who have lived for the past two years on Lemon street where they purchased a five room house from John Blair, have moved their household goods to India in the Imperial valley, where they will be in the fruit business for several years, it is possible. The family left for India on Wednesday.

Mrs. Arthur Capen who has been confined to her home with illness is now able to be about again.

Mrs. M. Meeker of Pasadena is visiting this week in the home of her daughter, Mrs. R. E. Buchanan and family and Mrs. E. J. Buchanan and family at their home on Hermosa avenue.

Lady: "But don't you find that horseback riding gives one a headache?"

Instructor: "No, madam. Just the reverse."

A customer sat down at a table in a smart restaurant and tied his napkin around his neck. The manager, scandalized, called a boy and said to him: "Try to make him understand as tactfully as possible that that's not done."

Boy (seriously to customer): "A shave or a haircut, sir?"

A party of Etiwanda Boy Scouts and their leader, Lawrence Mueller, visited Mines Field Saturday and all enjoyed airplane rides while there. Scouts in the party were Allen Donnelly, Leon Utman, Roger Jones, Jack and Francis Johnston, Jack Frost, Harold Adams, Billy Hutton, William McCann and Elmer Pierce.

Mrs. Ernest Mueller and Mrs. George Utman went to Bloomington Wednesday as delegates to the Congregational association.

Mr. and Mrs. J. R. Bonnell had as dinner guests Sunday Mr. and Mrs. E. T. Palquist of Los Angeles, Miss Myrtle Palmquist and Miss Gertrude Peterson of Galesburg, Illinois.

Thrilling Adventure Drama Opens Tonight For 2-Day Showing

Ronald Colman plays a smooth and polished English gentleman, a society favorite and popular athlete in his third and latest talking picture. "Raffles," the mystery thriller which is coming to the Upland theater tonight. Refined and suave though he may be, Raffles finds the lure of criminal adventure more than he can resist. In consequence his many distinguished associates are victimized time and again without the faintest suspicion of who the malefactor can be. Being parallel in theme, "Raffles" is a fit successor to Colman's two previous talker successes, "Bulldog Drummond" and "Condemned."

A new force has come into Raffles' life at the time this modernized version of the famous melodrama opens. The famous Amateur Crackman has given up his obligations in favor of love.

But his resolution to reform is short-lived and again he is shoved head on into his last and greatest adventure, for this time the stakes are the honor of his best friend and the heart of the girl he adores.

Speeding the Guest
Motorist: "Is there any speed law here?"

Native: "Now, you fellows can't get through here any too fast for us."

THEATRES

"Hit the Deck" To Be Shown Sunday

"Hit the Deck," Radio Pictures' lavish, all-talking technical musical comedy opens at the Upland theater Sunday. A cast of 14 prominent players headed by Polly Walker, Broadway beauty, and Jack Oakie, sensational comedian, interpret the roles.

No expense or talent was spared to make the screen version the most pretentious offering of the season. A chorus of 200 singers and dancers lend variety to the screen version that the stage could only suggest.

Luther Reed, who directed "Rio Rita" and Robert Kurlie, responsible for the photography of that sensational hit, again have given their talents in making "Hit the Deck" equally great.

Nine songs with a musical background by three orchestras, will be heard. Scenes made at a naval base lend reality to the exteriors.

**California Theatre
Showing Important
Features Regularly**

The pick of all the important all-talking pictures has been bringing throngs to the Fox California theatre in Ontario since its reopening two weeks ago.

Friday and Saturday of this week the joyous collegiate comedy "Sweetie" will be shown.

with Nancy Carroll heading a distinguished cast of youthful fun makers.

Sunday and Monday the internationally famous Clara Bow will be seen in "True to the Navy," generally acclaimed the most entertaining work in which she has ever appeared.

Next Tuesday, Wednesday and Thursday Zane Grey's gripping romance of the southwest, "The Light of Western Stars," will be the bill, with Richard Arlen heading a fine cast.

Matinees are given every afternoon at 2:30 o'clock, the showings on Sunday running continuously until about 10:30.

**Feature Pictures
at Granada Theatre
During Coming Week**

Three feature pictures of high entertainment value are scheduled for presentation at the Fox Granada theatre in Ontario during the seven days beginning today. "Last of the Lone Wolf," tonight and Saturday, is a romance from the pen of Joseph Louis Vance, with Bert Lytell and Patsy Ruth Miller in the principal roles.

For three days beginning with the continuous performance of Sunday, "The Dawn Patrol," story of a band of youthful American aviators in the great

Social and Club News of Upland

By MRS. ETHEL THRASH

Mrs. Marcus Robbins To Attend Woman's Club Luncheon

A large attendance is expected at the opening meeting of the Upland Woman's club on Tuesday. The luncheon will be at 12:30 at the clubhouse and reservations should be made with the corresponding secretary, Mrs. F. M. Baxter, Upland 651-W, as soon as possible. New members and prospective members will be welcomed at this first meeting. Chairmen of new departments will outline their work; Mrs. Herman Hess, arts and crafts, and Mrs. Nora M. Ellis will tell of the first meeting of the card section. Mrs. W. A. Mackay will speak for the cooperation of all members and their friends in the growing of vines and flowers for the "Flower Festival" next spring.

A number of federation officers will be guests of the club and will bring brief messages. Mrs. W. D. Gillett of Ontario, and Mrs. Mark F. Jones of South Pasadena, both interested in the advancement of the "Federation News"; Mrs. Ross P. Garbutt, county president, will present Mrs. Marcus W. Robbins of San Diego, southern district president, who will speak briefly.

An interesting part of the program will come when the members open their banks and count up their earnings during the summer months for the purchase of new dishes for the clubhouse. All who desire will be given the opportunity to tell how their contributions were secured.

Mrs. W. R. Farmer will have charge of the musical part of the program and Mrs. C. V. Barr and Mrs. F. M. Baxter of the luncheon.

La Estrella Auxiliary Plans for November Bridge Tea

Next month's meeting of La Estrella auxiliary, Order of Eastern Star, will be a benefit bridge tea to be held on Wednesday, November 12, in the Masonic hall, according to plans made Wednesday by members of the auxiliary during the regular meeting in the Masonic social rooms. The plans were made during a business meeting presided over by Mrs. W. D. Barker, president of the auxiliary, and committees were named to decide on the details. It is planned to have an afternoon of bridge and refreshments will be served. The meeting Wednesday was opened with a delightful contributed dish luncheon and during the afternoon many surgical dressings were made for the San Antonio Community hospital and a pleasant social hour was enjoyed.

Attending the meeting were Mrs. W. D. Barker, Mrs. T. H. Chastain, Mrs. Mary Eckerman, Mrs. Isabella Foster, Mrs. J. F. Hamilton, Mrs. Harry Kennedy, Mrs. Blanche Loch, Mrs. Ed. Lutz, Mrs. R. C. Norton, Mrs. T. M. Nichols, Mrs. Isabelle Wisely, Mrs. H. M. Guy, Mrs. Sam Barker, Mrs. Frances Garner, Mrs. A. N. Monroe and Mrs. Mary Wilson.

Merry Party Enjoyed by Tuesday Evening Bridge Club

Happy to gather once more after the long summer vacation, members of the Tuesday Evening Bridge club were guests of Mrs. Glenn M. Atwood at her home, 295 Tenth avenue, and enjoyed a merry bridge dinner.

A 7 o'clock dinner was served, the table decorations being tall yellow candles and colorful zinnias.

The evening hours were devoted to bridge. Mrs. H. C. Moore winning first prize and consolation being awarded to Mrs. W. H. Craig, Jr.

All members of the club took advantage of the opportunity to renew their pleasant associations. Mrs. Adams, Mrs. Paul Bodenhamer, Mrs. R. B. Bordwell, Mrs. John B. Craig, Mrs. W. H. Craig, Jr., Mrs. Clair E. Kirk, Mrs. P. R. Daggs, Mrs. J. Lynward Graham, Mrs. R. H. Henderson, Mrs. E. C. Mehl, Mrs. P. H. McQuillen, Mrs. H. C. Moore, Mrs. Frank K. Nichols, Mrs. J. F. Sawyer, and Mrs. Sam Rowe.

Dr. and Mrs. Perry Hosts At Bridge Dinner

Extending their hospitality in delightfully informal fashion, Dr. and Mrs. D. C. Perry were hosts last evening to a number of their friends at a prettily appointed bridge dinner.

Centering the dinner table, about which the group spent a merry hour, was a truly gorgeous bouquet of Transvaal daisies, the bronze bearing a tinge of pink that harmonized prettily with the pink crystal table service.

Following the dinner a pleasant evening was spent about the bridge tables.

Guests of Dr. and Mrs. Perry were Mr. and Mrs. W. H. Andrews, Dr. and Mrs. F. N. Davidson, Mr. and Mrs. H. H. Thomas and Mrs. Mary Eckerman.

Eighty-third Birthday Is Celebrated With Picnic

Mrs. W. H. Riley observed her eighty-third birthday several days ago and to celebrate the important event a family reunion was held Sunday, all the sons and daughters with their wives and husbands and a number of grandchildren attending.

A picnic dinner was held in the Fourth street park, the large group being a merry one. Later they all returned to the Riley home on Third avenue where the relatives enjoyed an afternoon of visiting.

Helping Mrs. Riley celebrate were her husband, W. H. Riley, Mr. and Mrs. A. W. Bilgo of Los Angeles, Mr. and Mrs. W. C. Riley of Los Angeles, Mr. and Mrs. B. F. Anderson and three sons of Hemet, Dr. and Mrs. A. J. Stickney and Mr. and Mrs. H. J. Stickney and two children, Mr. and Mrs. A. F. Riley and six children of Fontana, Miss Harriet Riley and Miss Gladys Riley of Upland, Mr. and Mrs. Bert Cutting and Mr. and Mrs. Burton Riley of Los Angeles, Mrs. Cutting being a granddaughter and Mr. Riley a grandson of Mrs. Riley.

Mrs. Norton Entertains for Former Worthy Matrons

With her guests coming from several cities in the valley, Mrs. R. C. Norton was hostess Monday at a bridge luncheon, the delightful affair being a reunion of worthy matrons of the Eastern Star who served during the year of 1928 when Mrs. Norton was deputy grand matron.

A delectable luncheon was served at a daintily appointed table and afterward the guests gathered at the bridge tables for a session of the favored game, the high score prize being won by Mrs. Nettie Milliken, Mrs. Clara Crew being awarded the low score prize.

Mrs. Norton's guests were Mrs. Milliken of San Bernardino, Mrs. Crew of Ontario, Mrs. Katherine Johns of Fontana, Mrs. Alta Fugate, Mrs. Della Moss, and Mrs. Frank Baynham, all three from Pomona, and Mrs. Blanche Loch, a special guest, of Upland.

Miss Margaret Wardlaw Returns From Eastern Trip

Miss Margaret Wardlaw, who went east to attend her sister's wedding this summer and remained for a delightful visit with her relatives and friends in Brazil, Ind., has returned to Upland. Miss Wardlaw was away for three months and is again established in the home of Mrs. L. D. Temple on West Seventeenth street.

Miss Wardlaw is first vice-president of the Upland Business and Professional Women's club and she was given a cordial welcome by the members at the club dinner Tuesday evening.

Footie—Byer Wedding Is Solemnized Tuesday

In a ceremony that was impressive, though very quiet in all its arrangements, Miss Ruth Byer, daughter of Rev. and Mrs. J. H. Byer, and Allen Footie, son of Mr. and Mrs. O. M. Footie of Auburn, Ind., were united in marriage at noon Tuesday, Oct. 7, at the home of the bride's parents, 704 East Ninth street. The bride's father was the officiating minister and the wedding was attended by only immediate relatives and a very few close friends.

The bride was attired in a becoming dress of eggshell crepe meteor with accessories harmonizing and carried in her hand a small Bible. Baskets of beautiful dahlias were used in the house decorations.

Following the ceremony, Mr. and Mrs. Footie went to Lake Arrowhead for a short stop and upon returning to Upland will reside at the home of Mrs. Footie's parents, where she will attend her mother.

Both Mr. and Mrs. Footie are active members of the Brethren in Christ church and have scores of friends here. The bride, with her parents, came to Upland about 19 years ago and during that time she has spent a number of years in the mission fields of India. Mr. Footie, a World War veteran, has lived in Upland for several years.

Enthusiastic Meeting of Upland Business Women's Club Held

With a splendid attendance and a happy enthusiasm that augurs well for future meetings, the Upland Business and Professional Women's club held the opening meeting of the new club year Tuesday evening when a 6:30 dinner was served and a program given in Crowell hall.

Taking the place of Mrs. R. C. Williams, program chairman, who was recently called to Kansas, Mrs. Margaret Wright was responsible for the cleverly arranged and very attractive table decorations. Trailing gracefully down the center of the long tables, which were set in the form of a letter T, colorful autumn leaves brought a breath of the woods and at intervals along the tables were lighted jack-o'-lanterns, harbingers of Halloween, while on the orange colored candy baskets were perched black cats and witches. The decorative combination proved very effective and drew many compliments. Other members on the committee were Miss Wilma Moser, Mrs. S. M. Jessup and Mrs. Bodil C. Peterson.

Presiding with charm and efficiency, Mrs. Ernest Olson, club president, opened the meeting by calling upon Mrs. Mark H. Bailey to read the club collect. Mrs. Olson then extended friendly welcome to the four new members, Miss Lois Kent, Miss Rosamond Martin, Miss Fannie D. Noe and Miss Elizabeth Griggs. During the business meeting the recording secretary, Miss Gladys Riley read the minutes of the previous dinner meeting in June and the four board meetings during the summer. Mrs. Elizabeth Brain, chairman of the finance committee, placed before the club plans for a card party to be held early in November, and Mrs. Lucy H. Jorgensen, corresponding secretary, read an invitation from the Hollywood club to the first district meeting to be held Saturday, Oct. 11.

Miss Wilma Moser, as program chairman, introduced the speaker of the evening, Mrs. L. H. Jorgensen, and because of the interest in her subject the entire program hour was placed at her disposal.

Beginning with her departure from San Francisco with 41 other members of the California Sierra club, Mrs. Jorgensen told of her very interesting summer trip to the Hawaiian Islands. In telling of the days aboard ship Mrs. Jorgensen mentioned particularly the treat in song and dance given by the Royal Hawaiian Glee club, returning to Honolulu. The beauty of the "sky line" of the islands, their abundant verdure, the ever-present, luxuriant and fragrant flowers, the golden sunshine—and the every-ready rains—were all graphically described, as were the sports of the famous beaches where a swim in the velvety, caressing waters is an almost exotic pleasure. Mrs. Jorgensen spoke with enthusiasm of a two-mile trip through the great Dole pineapple plant, of rowhead for a short stop and upon returning to Upland will reside at the home of Mrs. Footie's parents, where she will attend her mother.

Both Mr. and Mrs. Footie are active members of the Brethren in Christ church and have scores of friends here. The bride, with her parents, came to Upland about 19 years ago and during that time she has spent a number of years in the mission fields of India. Mr. Footie, a World War veteran, has lived in Upland for several years.

Telephone Rates Discussed by Gray

(Continued from Page 1)
trative body, in its nature something like a court, and there may be some impropriety in publicly discussing a matter submitted to it for decision. Accordingly I will refrain from saying several things I would like to point out with emphasis. But there can be no impropriety in saying that, in this case one or more highly paid, and highly competent, expert representatives of the company spent a year or more in preparing their case. It might take a skilled accountant, familiar with telephone accountancy, a good many days to analyze all the figures presented in evidence by the company experts. There are some half a dozen pamphlets filled with them.

Opposed to all this, along comes the poor telephone user. He is practically helpless. To meet the company experts on their own ground might require a fund of \$5,000 in preparation and the use of opposing experts. Nevertheless some of our city officials did what they could at the hearing. That is, at least they suffered. For hours on end they were compelled to listen to massed figures showing the poor telephone company had really been giving services for years almost on a charitable basis.

Let us learn something from this. Public utility charges may be a greater burden than taxes to meet. To meet a situation of this kind, citizens should band together, to prepare and to fight. Otherwise, the consumers are practically helpless. Let Upland, Claremont, Riverside, Ontario, and other nearby cities form a group for both defensive and offensive purposes. Or better yet, let the California League of Municipalities take over the job. Otherwise, the different towns are helpless, save as their interests can be guarded by the Railroad Commission.

A few years ago, Pomona found herself in the throes of a rate hearing. Then came Redlands. There the rates soared about as high as asked for here.

Redlands woke up, after the rates were established, and through a rehearing, secured some relief. Now it is the turn of Upland and Ontario.

We are now in the position of the contending parties in a lawsuit, while the jury is out considering the evidence. It may be several weeks yet or longer before the Railroad Commission makes its decision. That the members of the Commission are able men who sincerely strive to give a just decision, goes without saying.

I may continue this article, and in the next issue of The News deal with certain specific details of this telephone matter.

Signed,
Edward E. Gray

automobile rides about the islands, over Honolulu and a hike over the vast lava beds, a visit to the crater and brilliantly colored specimens are fish that lie down and go to sleep, her narrative being interspersed with numbers of humorous incidents.

A collection of many pictures and curios brought back from the islands were passed around for inspection and Mrs. Jorgensen answered many questions.

Closing the meeting, Mrs. M. H. great Dole pineapple plant, of automobile rides about the islands over Honolulu and a hike over the Bailey, in behalf of the club, cleverly presented to Mrs. Olson, whose marriage was an event of September, a wedding gift, a beautiful crushed ice bucket of topaz crystal with silver bail and tongs, the gift being a pleasant surprise for the club president.

HEADS OF LEGION COMMITTEES NAMED

Charles Benson Serves For First Time; Plans Made For Turkey Shoot

Committee chairmen to serve in the American Legion activities during the year were appointed and plans for the annual Legion turkey shoot Nov. 11 were discussed at the meeting of the Upland post of the legion Tuesday night.

It was the first meeting at which Charles Benson acted as commander, he having been elected at the September meeting.

Herman Cordes, experienced in the management of the turkey shoots, is again at the helm and is planning to get 200 turkeys for the public to win on Armistice day.

As a preliminary to the shooting event, a "field day" will be held at the new gun club grounds on Sunday. Purpose of this is for the members to assist in getting the field in condition. Members of the Izak Walton league and the legion are to cooperate in preparing the grounds.

Earl E. Marsh, chairman of the local committee in the construction of a rest home at Victorville, gave a report on the project. A discussion followed his remarks.

Harry Plum was named sergeant-at-arms; G. Vernon Sleuman, historian, and James Goodban, chaplain.

Following are the committee chairmen: William Larkin, house; Gene Nisbet, Boy Scout; Thomas E. Howartson, Americanism; Ernest W. Fischer, community betterment; Howard Mason, emergency; Walter Gear, conservation; Herman Cordes, membership, and Clair E. Kirk, publicity.

Mrs. Minerva Kendrick and Miss Sadie Noble, sisters of Mrs. Lynn Clark who have resided in Upland for more than two years, will be given a merry farewell party by neighbors and other friends tonight on the eve of their departure for their former home in Pittsburg, Pa.

The party will be held at the home of Mrs. William Campbell on Third avenue and Hallowe'en decorations will be used.

She: "Now that we are engaged, you will give me ring, won't you?" He: "Yes—certainly darling. What is your number?"

Masquerade Costumes for rent, and broken dolls repaired.—The Doll Hospital. Phone Ontario 1434 41-6

Mrs. Henry Byer, East Ninth street, is confined to her home and Mrs. Charles Naylor, Eighth avenue, has been nursing at the Byer home this week.

S. M. Buckwalter, 562 Eighth avenue, who was confined to his home for two days this week, due to an attack of the flu, has recovered and is back at work.

Mrs. R. C. Williams, who left on Sept. 30 for Moundridge, Kan., to visit a brother who is ill, found the patient getting on nicely and she is having a pleasant visit, according to word received by friends here.

The Rev. and Mrs. A. J. Neuenschwander drove to Puente yesterday and visited Mr. and Mrs. Ed Helms, formerly of Upland, and other friends in that community. Mr. Helms is now operating his own barber shop in Puente.

Visiting this week at the T. R. McLenathen home, 856 Eighth avenue, were Mr. and Mrs. L. R. Gordon, Mr. McLenathen's cousins. Mrs. Gordon has been here for several weeks, while Mr. Gordon was in the east on a trip. They left Thursday for Ventura where they may enter business. They formerly lived at El Centro.

We frame more pictures every day. Manker and Benson. 421f

Going away? Complete information and all details of any trip from C. Whiteley, Southern Pacific agent. Phone 12. 44-4FO

Milton Huxtable of Mac's drug store is taking his annual vacation and he and Mrs. Huxtable are enjoying a two weeks motor trip along the coast and elsewhere, as they decide from day to day.

Having visited in the east for the past five months, Mrs. Luella Genung, accompanied by her brother-in-law and sister, Mr. and Mrs. E. C. Sutton and their daughter, Josephine, arrived Thursday morning by automobile from Pulaski, Iowa. Mrs. Genung divided her long vacation time between Menlo and Pulaski, Iowa and points in Illinois. Her sister and family who were here last winter, will be with Mrs. Genung for this winter and may decide to permanently locate here.

Residents of Upland will have an opportunity to hear an authorized lecture over KFOX Thursday, Oct. 16, at 8 p. m., when Judge Frederick C. Hill, C. S., of Clinton, Ill., lectures for First Church of Christ, Scientist, Long Beach. Judge Hill is a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Wife of Former Upland Man Wins U. S. Citizenship

Friends of the Rev. Carl Landes, formerly of Upland, will be interested in a brief bit of news appearing in a recent copy of the Bluffton (Ohio) News, received by Miss Mattie Steiner, West Eleventh street. Mrs. Landes, whom the Rev. Mr. Landes married last spring, has just been granted American citizenship after a year and a half fight through the courts, three separate trials being held.

Coming from Alsace-Lorraine, Mrs. Landes, then Miss Martha Jane Graber, for some time was superintendent of the Bluffton hospital. When she applied for citizenship papers she refused to signify her willingness to bear arms in defense of this country and the case went into the courts. The case was tried in Lima, Ohio, and has attracted wide attention. Mrs. Landes finally winning her citizenship upon the statement that she was willing to nurse her fellow countrymen during war or to shed her own blood in the country's defense, but not to bear arms.

Members of the Mennonite church will be interested to know that the Rev. Mr. and Mrs. Landes are now living in Philadelphia where Mr. Landes is pastor of the church where the Rev. A. J. Neuenschwander served before resigning to come to the Upland church.

Looking Up the Matches
"I never could understand why a fellow should not be allowed to have more than one wife."
"Well, after you are married you'll realize that the law protects those who are incapable of protecting themselves."

Scrap Bags May Be Emptied Profitably For Christmas Box

As one of their numerous activities, members of the Ladies Aid society of the Bethany Union church in San Antonio Heights, are just now very busy filling the big Christmas box that is to go to a mission in the Kentucky mountains in which the society is particularly interested because the two young women working in that field are well known on the Heights.

A number of members of the society met yesterday at the church for a day of sewing, and this all-day meeting each Thursday will be continued until the work is finished.

The two missionaries in that mountain section, where poverty and privation have been borne for so long that they have come to be accepted as inevitable, have listed the families, together with the ages and needs of the members, especially of the babies and children of school age, so that the Aid society is able to work with a definite system, providing the garments and other articles needed in suitable sizes and numbers.

The young people's organizations of the church have been active during the summer and have provided funds for the purchase of considerable material which the women are now making up.

These women are very ingenious in their cutting and designing and are able to turn to good use even very small pieces of material, cleverly combining colors in little dresses and rompers. They also use out-grown clothing to make over and it is interesting to note how careful

they are to waste nothing. Even the smallest scraps and strings, the ravelings and empty spools, all go into the "good-will" bag to be turned over to the Good-will Industries. All scraps that are suitable are saved to be pieced into bed quilts.

Anyone in the community who cares to supply new material for any garments from tiny babies clothing up to school dresses, or who have pieces of material left from sewing, or garments no longer in use, will find an appreciative reception for them from the Ladies Aid members.

Tenth Street P.-T.A. In First Meeting; 102 in Attendance

Parent-Teacher association activities in the Tenth street grammar school opened most auspiciously Wednesday afternoon when the first meeting of the school year was held with the gratifying attendance of 102, a number of new members being present.

Mrs. Harold Stickney, president of the association, opened the meeting, extending greetings to the members, old and new, and holding a brief business meeting. The necessary routine business was transacted and suggestions made and plans discussed for the year's work. Mrs. Stickney also introduced her various chairmen, who spoke briefly of their plans for their departments.

As a tribute to the memory of the late Mrs. A. W. Burt, who was one of the prime factors in the growth of P. T. A. work in this district, Mrs. J. Lynward Grahame sang "My Task," a number that was sung at Mrs. Burt's funeral.

Introducing a spirit of friend-

Church Women in All-Day Session; Reception Is Held

The three women's organizations of the Methodist church held an all-day session yesterday with many interesting topics being discussed as part of the programs.

Meeting at 10 a. m. the Woman's Home Missionary society considered the general subject of "Christian Citizenship as Related to Youth as Future Citizens" the several sub-topics being commented on by various members, and the discussion being led by Mrs. J. H. Freeman who was assisted by Mrs. Iva Marr and Mrs. W. F. Goodban. An enjoyable reading was given by Mrs. Clara Rheinecker.

At 11 o'clock the Ladies Aid held a business meeting during which plans were made for serving

Red Cross Members To Attend Meeting

Several members of the Upland chapter, American Red Cross, will go to Laguna Beach Tuesday where they will attend the regional convention of the Red Cross.

Headed by the chairman of the local chapter, Mrs. W. B. West, the group going to Laguna Beach will include Mrs. O. K. Granger, Mrs. Mary Eckerman, and Mrs. Lottie Fuller.

During the session, all attendants joined in singing several P. T. A. songs.

With the regular meeting being made brief and the usual program being omitted, the greater part of the afternoon was given over to social enjoyment, the new mothers and teachers being welcomed, the former ones greeted and much pleasant visiting enjoyed.

During the social hour refreshments were served by a committee composed of the mothers of the fourth grades, Mrs. James E. Goodban being chairman.

ing the Upland Lemon Growers' dinner.

From 12 to 1:30 luncheon was served and a social time was enjoyed. During the afternoon the Woman's Foreign Missionary society meeting was held and reports were heard from the meeting held this week in Hollywood, the reports being given by Mrs. J. H. Staveland, Mrs. F. C. Bluffington, Mrs. C. E. Spies and Mrs. F. B. Harn, all of whom attended.

Among other numbers on the

afternoon program was a clever playlet, "Stretching the Dollars," put on by Mrs. C. E. Spies and Mrs. Mary Eckerman and little Billy Standlee and Eleanor Farmer.

One particularly interesting feature of the day was a talk by Mrs. Merrill of Covina, who told of the work and of the finances of the Methodist hospital in Los Angeles, her address being made at the morning missionary meeting.

COLUMBUS DAY October 13th, 1930.

Columbus' life and achievements are so full of helpful lessons that it is difficult to stress any particular one upon his anniversary. Let us, however, pay homage to the courage that held him straight upon his course despite the influence of his companions.

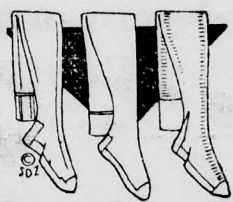

No one can lose who applies to his own life the unquenchable ambition and unfaltering courage of Columbus, the discoverer of America.

This Bank will be closed all day Monday, October 13th, in memory of Columbus.

AMENDMENT NO. 21 WOULD CUT TAXES

San Bernardino County Supervisors Emphatically Favor
Passage at Election

"If amendment No. 21 is successful, it will mean reduced taxes for every property owner in San Bernardino county."

This was the statement of C. E. Grier of Upland, chairman of the board of supervisors, as he summed up his plans for an intensive campaign throughout the county during the remainder of October on behalf of the amendment appearing on the Nov. 4 ballot and designed to correct partially a system of taxation which experts brand as unfair and unequal.

The board of supervisors Sept. 22 went on record as emphatically in favor of the passage of the amendment, which provides for the reimbursement to the counties of some of the money they have lost through the operation of amendment No. 1, enacted in 1911. Ever since this action of the board Mr. Grier has been particularly active in his county campaign and plans to redouble his efforts during the coming three or four weeks.

Amendment 21 provides, briefly, that the counties which have suffered through the 1911 amendment be reimbursed partially from the state treasury. There is a reserve of more than \$30,000,000 in the treasury at present, and the amendment stipulates that reimbursement stop when the balance falls to \$10,000,000. Thus, Mr. Grier points out, there is no danger of a shortage through the operations of the proposed law.

"This is the only means of relief from our high tax rate resulting from amendment No. 1," he declared.

FIRST CHURCH OF CHRIST, SCIENTIST

Cor. Euclid Ave. and G St., Ontario. Sunday morning service at 11 o'clock; subject, "Are Sin Disease and Death Real?" Sunday school at 9:30.

Sabbath school meets promptly at 9:45 a. m.

C. E. meeting at 6:30 p. m.

The semi-annual meeting of the congregation is to be held

on Wednesday evening of next week, October 15. Every member of the congregation is earnestly invited. Dinner will be served by the ladies of the church at 6:15. The need of new rooms for the Sabbath school will be considered at this time. A good social evening is planned. Dinner will be 50 cents per plate.

New Packing House Will Be Open For Public Inspection Tomorrow

M.O.D. PLANT IS READY FOR SEASON

Modern Equipment and Latest Facilities Feature Citrus Building

Citrus growers and other interested persons in the Upland district have the opportunity to visit one of the most modern packing houses in the United States on Saturday, when the Upland Mutual Groves holds open house in its new packing plant, Euclid avenue and Euclid place. The public will be welcome from 10 a. m. until 9 p. m., it is announced by H. P. Brown, manager.

Virtually all of the latest methods and machinery have gone into the plant with the object of cutting packing costs to the minimum. The plant has a capacity at peak load of five carloads of lemons and six carloads of oranges each day.

One department of especial interest will be that of the lemon division. This consists of the latest Brogdex outfits, the first in the Upland district, it is said by the management, to permit of lemons being washed, dried and Brogdexed before they are stored.

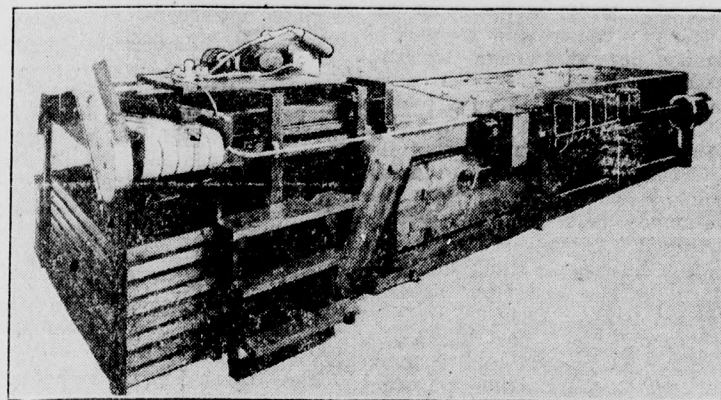

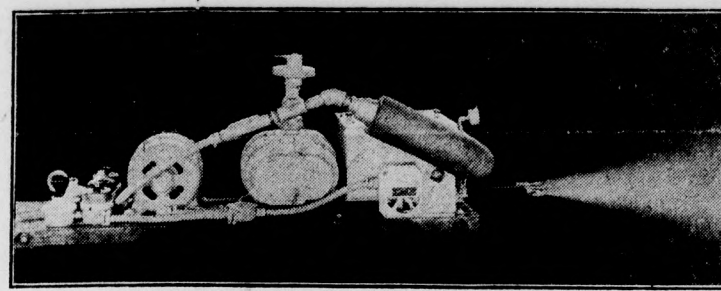

The orange installations on the ground floor, also includes the latest type of Brogdexers, with modern sizers, packing units and others of the latest devices.

The Upland Mutual Groves is a grower-owned, grower-controlled cooperative association made up of growers in this vicinity. Officers are Geo. A. Gaylord, president; O. D. Hayward, vice-president; and Harry P. Brown, secretary-manager. Directors are Messrs. Gaylord and Hayward, with George H. Parsons, Andrew Henderson, J. Wilbur Smith, Charles Minor and A. J. Webster.

The association is affiliated with the Mutual Orange Distributors.

On Wednesday evening of next week, October 15. Every member of the congregation is earnestly invited. Dinner will be served by the ladies of the church at 6:15. The need of new rooms for the Sabbath school will be considered at this time. A good social evening is planned. Dinner will be 50 cents per plate.

Brogdex System Included in New Plant

Two machines used in the Brogdex system are shown in the pictures here, at the top being the motor-driven blower, which creates a fog of wax, placing a thin coating on the oranges as they are handled through the machine. The lower view is the new improved type of electrically heated machine for polishing citrus fruits under the Brogdex system.

Consistent with the policy of the Mutual Orange Distributors, of which the newly completed packing house here is a member, the packing equipment includes complete machinery for the application of the Brogdex System, according to Manager Harry Brown. Brogdex equipment includes treating tanks in which the fruit, both oranges and lemons, are subjected to the solution which reduces development of decay and makes the fruit resistant to blue mold, washers

in which the fruit is scrubbed to maximum cleanliness, and polishing machines in which the fruit is polished to a high degree in a wax-fog atmosphere. This system not only gives to the fruit the Brogdex "shine" which is proving so popular in the markets, but also gives it a protective coating of wax which prevents rapid drying out, shrinking and ageing.

According to E. M. Brogden, vice president in charge of field

operations of the Brogdex company, with headquarters at Pomona, the Brogdex System has now been in commercial use for more than six years in California and Florida and has only recently been introduced into the citrus producing district of the Rio Grande valley in Texas where it will be used by the entire Texas Exchange next season.

The Brogdex System really consists of two separate processes. The Brogdex process consists of washing the fruit in a mold-inhibiting solution which renders the rind of the fruit resistant to the attack of blue mold decay which takes a heavy toll of the citrus industry each year. The Brogdex, or waxing process, consists of coating the fruit with a thin, invisible coating of paraffin wax compound. This coating sufficiently seals the pores of the fruit to prevent the excessive evaporation of the moisture of the skin and tissues of the fruit and greatly retards the natural ageing and withering which so greatly detracts from the appearance of citrus fruits in the markets. The "shine" which the fruit receives because of the polishing in the fog of wax in the Brogdex machine greatly adds to its appearance and is a great asset in the sale of the fruit. Dealers have round this improved appearance and better keeping quality of Brogdexed fruit of great value in their sales and an increasing demand for the fruit has resulted.

The residence has been converted into an "out-of-doors" lodge and through the industry of the girls considerable painting and other interior decorating has been done. Plans are now being made to build an outdoor fireplace and the girls expect soon to have their new meeting place well equipped to meet the needs of the several clubs that will hold meetings there.

The ranch is being occupied by Miss Ruth Dobbins, assistant secretary of the Chaffey Community Girls' Organization, as resident caretaker, and other teachers.

Beware

OF TRAMPS
After Meals

A little boy ate too much candy and told his mother he had "tramps in his tummy" so, —

"Brogdex Brings More Money To the Grower"

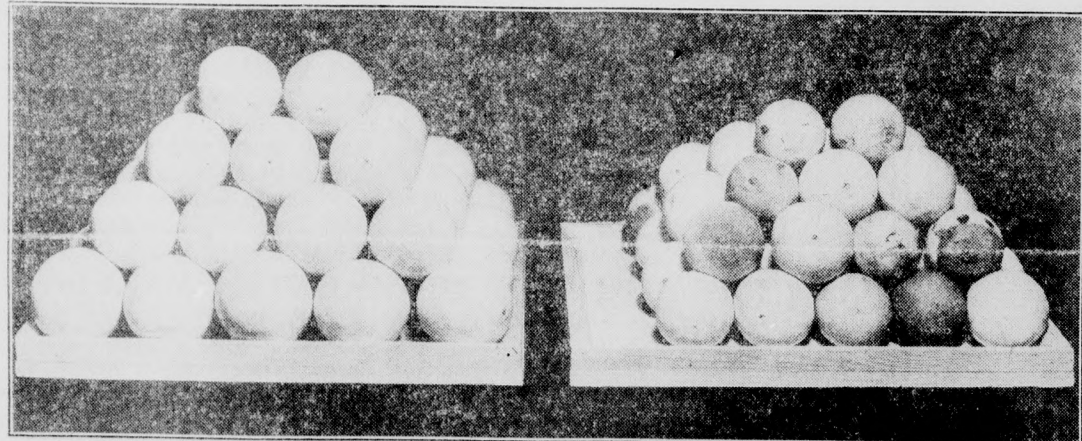

BECAUSE

MORE MONEY FOR THE SAME FRUIT IS MERELY A MATTER OF IMPROVING ITS APPEARANCE AND KEEPING QUALITY.

Realizing the importance of having their modern packing house include the most up-to-date methods for handling fruit to the best interests of their growers, the

Upland Mutual Groves has adopted **BROGDEx** SYSTEM

to reduce decay and retard shrinkage, giving the growers of the Upland District their first opportunity to have their fruit packed this modern way. Brogdex is used by more than a hundred of the prominent and leading packers of citrus fruit in California, Florida and Texas.

BROGDExED

BROGDEx

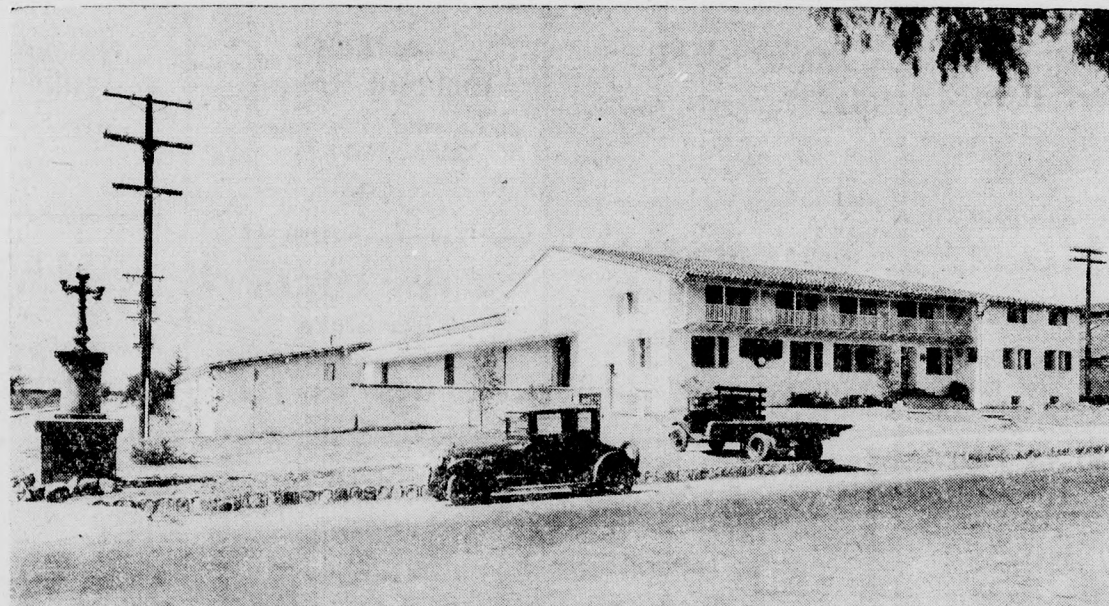

NOT BROGDExED

The above photograph of a comparison between Brogdexed and un-Brogdexed fruit clearly demonstrates the effectiveness of the Brogdex System in retarding shrinkage and ageing of oranges. Each tray contains forty oranges which were picked the same day and were the same size when picked. The oranges in the tray on the left were put through the Brogdex System, while those on the right were not. Brogdexed fruit remains firm, fresh and live looking for a long period of time, while those not Brogdexed soon become dull, shrunken and discolored, very unattractive to offer for sale. Brogdex is equally effective for lemons and grapefruit.

OVER TWENTY MILLION BOXES OF FRUIT TO BE BROGDExED DURING 1931

PANTHERS PANTING FOR TROBABLE GAME

U. S. C. Frosh Here Tomorrow After Keeping Season's Slate Clean

Eager to avenge the 13-0 defeat of last season the Chaffey Panthers will go up against the U. S. C. Frosh here tomorrow afternoon in what is likely to prove one of the most hectic and hard-fought games of the season. The game will be made doubly interesting by the fact that the U. S. C. team handed Santa Ana a 7-0 defeat a week ago last Saturday whereas one week before that Santa Ana defeated the Panthers 20-0. That game, however, which was the first of the season was played some three weeks ago and, as the Panther squad proved recently against Fullerton, they have improved materially since then.

Coach Heiser, as is ever his way, seems inclined to be rather noncommittal when questioned about his opinion of the Panther's chances. He does say though, that the Panthers are expecting a tough battle from the frosh and are preparing for such. Bob McArthur, brawny captain of the Panthers seems to be quite confident that he will be able to lead his rellow teammates to victory and declares that he will fight till the final whistle blows to gain that victory.

Prominent among the Panther warriors expected to uphold the honor of old jaysee Saturday are Zeke Keough, intrepid quarterback and veteran of many gridiron battles, "Moose" McCormick burly left end who has no trouble living up to his nom de guerre of "Moose." Bill Bosch Panther right end is expected to show some of the stuff that made him famous at Colton. These men and the numerous others, Daniels, Whaley, McKone, Morris, Elrod, Bryden, Baer bro's, Thompson, Baxter, and so on through the whole squad will be prepared and ready to do battle.

The Frosh as usual are living up to their reputation and playing the brand of ball that wins games. Although they are minus such backfield stars as Mohler and Kirkwood who are on the U. S. C. varsity this year they have a wealth of new material. Dye and Williamson, two new men are expected to make a few points for the Frosh and they have numerous other players equally as good. Young Dye is a brother of Leighton Dye, famous Trojan star of former years.

CHAFFEY ALL SET FOR CLASH TODAY

Dave Meek, Acting Captain and Punter, and Brest Main Cogs in Line-up

The stage was all set for a great game on the Chaffey campus this afternoon. Muir Technical high school of Pasadena had a squad here today of big proportions and Coach Howard Mitchell's products were eager for business.

In Chaffey's company of football players, Dave Meek stands out as the main cog playing tackle, doing the kicking and acting as captain. Darwin Brest, another Uplander is the life of the team when real fight is needed and these two men will show up in this afternoon's battle.

Just like the big college teams, Chaffey has two backfield squads and Coach Mitchell has numbered them No. 1 and No. 2 When Captain Colombero of Etiwanda sufficiently recovers from an operation he will be in the line-up as fullback in the No. 1 group. Norris Bigley, quarterback, Ruth and King, halves, are also in this quartet while the No. 2 combination is made up of Shiffer and Manley Rose, halfbacks; Williams, quarterback, and Sheehan, fullback.

Attention Called to Necessity of Fire Prevention

With Fire Prevention Week being observed throughout the country during this week people will do well to consider the loss of life occasioned by fire as well as the tremendous damage to property, commented Fred E. Draper, local insurance agent.

Mr. Draper quotes the figures recently given out by the U. S. Bureau of Standards as 6,000 for the total number of deaths by fire in this country each year, of which it is estimated that 4,000 occur in homes. In addition, the number of injured is placed at 14,000.

These figures indicate that serious thought should be given to

Winners Named in Fishing Contest

Prize winners in the Roy Creighton fishing contest, which ended on Oct. 1, were announced today. Banner award of the season will be given to Don L. Meredith, winner of the contest for the largest deep sea fish. The prize is a valuable rod.

Several weeks ago Mr. Meredith caught a 270 pound California Jew fish off the coast of Oxnard, and won the award that had been the object of several nimrods.

Catching the largest lake trout during the season, Henry Harms will receive an automatic reel. His fish weighed 7½ pounds. Mrs. E. B. Kiseby caught the largest stream trout, weighing one pound, and will receive a rod.

Sam H. Jacobs entered a 7½ pound croaker in the contest and this record stood over all other entrants, and he will get a rod. B. M. Bratton takes the award as the best fresh water fisherman for bass, getting a 3½ pound catch. The prize is another rod.

An annual affair, the Creighton contest is started with the opening of the fishing season in the spring, and as the fishermen bring back likely winners, the data is filed. All who filed the information are also entered in a contest sponsored by the Shakespeare company, which will give a token to everyone on the list.

Atchley Leads Honey Men in Annual Drive

In the annual campaign to rid all the beehives of disease, beekeepers of San Bernardino county will begin intensive work Oct. 15, under the direction of William Atchley, county bee inspector.

Discussing the bee situation, Mr. Atchley said that the number of commercial beekeepers is on the increase.

"The industry is going into the hands of the experienced men, with the inexperienced honey men dropping out of the trade," he said.

In Mr. Atchley's federal honey storage warehouse, there are 13,000 cases of honey, placed there earlier in the season for the best price. The market has improved and the first carload of the storage honey has been shipped.

Honey producers in the southland are uniting in a cooperative

every possible means of preventing the occurrence of such tragedies. The usual precautions which are recommended for reducing property loss by fire, will of course, contribute to the efforts made to save life and limb, but additional safety measures are also needed. One of the most important of these should be to provide exits and means of escape.

In the home special precautions should be taken to be careful in handling fire and to see that furnaces, flues, stoves, heaters, lights, etc., are kept in perfect working condition at all times.

In constructing homes and other buildings, slow-burning material should be used whenever possible and roofing and walls should be fire resistive.

concern, with Mr. Atchley at the head and the organization is gradually being completed, the local man said.

TRAINING SCHOOL ROLL STILL OPEN

Students May Enroll Up to
Monday Night; Great
Benefit Expected

Once more attention is called to the opportunity being given to any who may be interested, to enroll in the Leadership Training school which opened last Monday in the Presbyterian church under the auspices of the Community Council of Religious Education.

The five classes are being held each Monday evening and about 50 men and women have enrolled for the 10 weeks course. With the payment of an admission fee of only \$1 anyone desiring to take this interesting work may enroll for the remaining nine nights. Registration may be made at either the Methodist, Mennonite or Presbyterian churches, with the registrar, L. J. Horsch, or at the school at the Presbyterian church Monday night. Those starting Monday night may still work for credits from the National Council of Religious Education.

The first course, "The Life of Christ," taught by Dr. C. L. Knight of Ontario, is held from 7 to 8 o'clock and is being taken by the entire school.

In beginning this series of lessons in the study of the life of Christ, Dr. Knight devoted the first hour to creating a background of geographic and historical facts against which the major events in the transcendent life of the Christ, to be presented in the remaining lessons, will stand out with greater clarity and be made more understandable than when viewed without this knowledge of the social, economic, political and spiritual atmosphere into which the Nazarene came. Dr. Knight is an interesting speaker and this course promises to be one of much benefit and inspiration.

Four other courses in leadership are given and each one has the privilege of selecting the course which best suits his needs.

Crop Experiment on Orange Grove Finally Concluded

The Chaffey fertilizer experiment which has been conducted on a grove of oranges by the school department of agriculture, has been concluded with great success, as the land must be cleared to make room for the new college building.

The oldest portion of the experiment included six and one-half acres of orange trees immediately west of that portion of the campus located at Fourth and Euclid. The experiment was begun in the fall of 1915, the trees at that time being thirteen years old. The influence of the fertilized treatments on the yield was very great. At the beginning of the experiment the yield was slight, about eight pounds to the tree. In the second year this increased to almost one hundred pounds to the tree. The year 1917 was characterized by a very heavy June drop, caused by excessive temperatures about the middle of that month. The yield in 1918 was therefore very low. In 1919 it increased to over one hundred pounds to the tree and continued thereafter with fluctuation in a general upward direction reaching a maximum of 314.1 pounds to each tree.

It can therefore be seen that the experiment proved a great success. One thousand bulletins which were printed during the month of February were distributed in less than four months to parties interested in fertilization. Many letters of commendation have been received, including several from India and Australia.

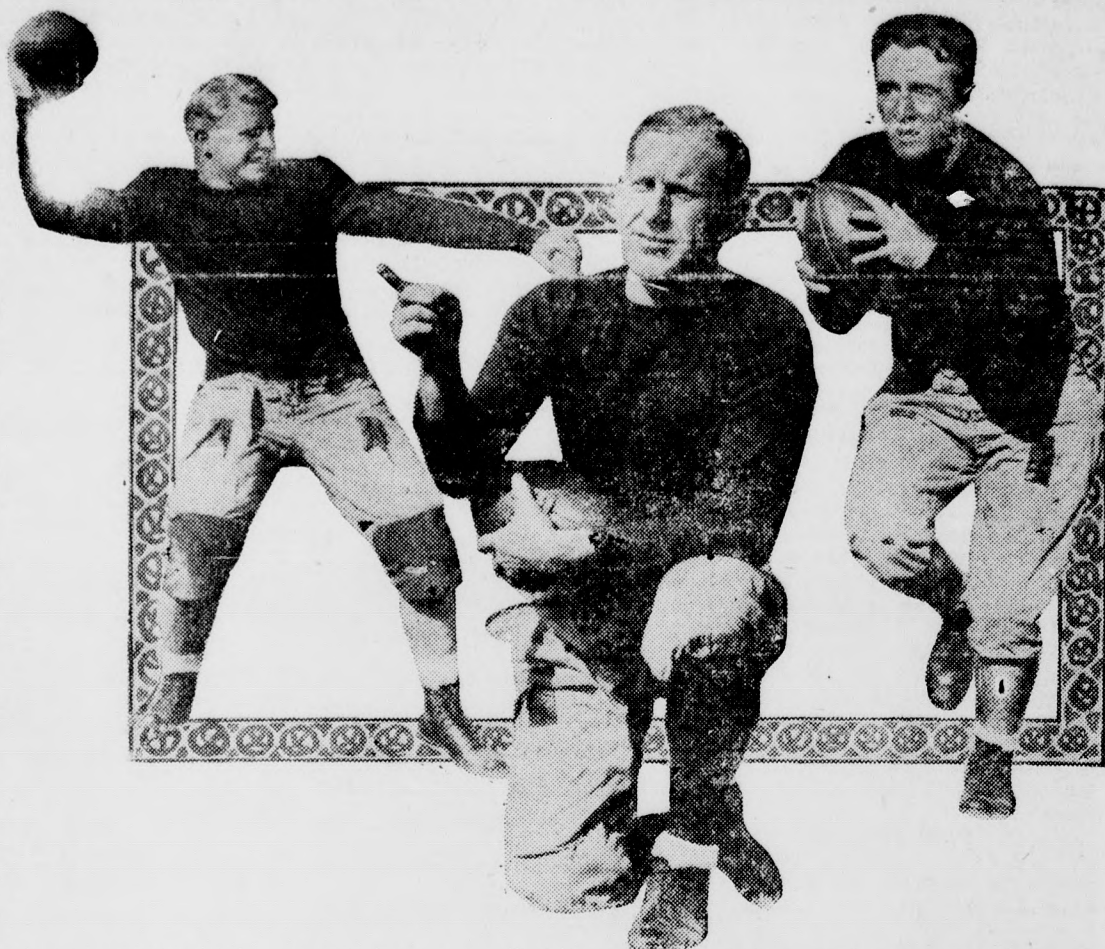

Mr. and Mrs. Wilson Travel 16,000 Miles

Mr. and Mrs. V. H. Wilson are glad to be back in Upland. On a trip, which they recently completed, they traveled 16,000 miles in their own car—and many more miles in their friends' machines.

Going east over the southern route the local couple went to Florida and from there north along the Atlantic coast to the New England states. In New Hampshire, Mr. Wilson's native state, they observed many more miles in their friends' place during the years. As a fire had devastated much of the familiar scenery of his old "home town" recently, Mr. Wilson failed to see much that reminded him of his boyhood days. They returned home more than a week ago.

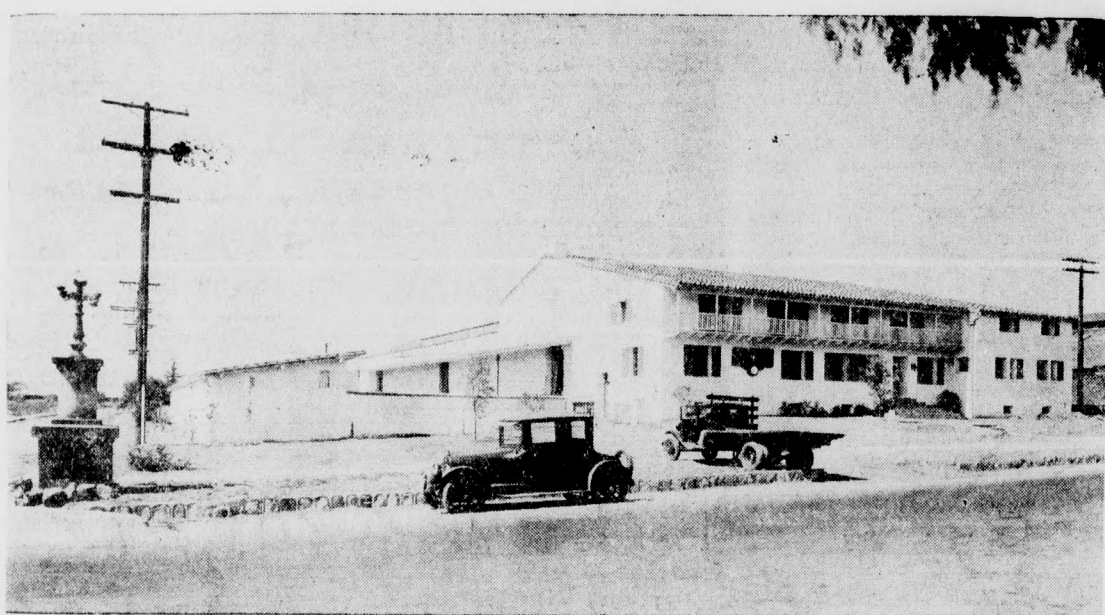

You must read The Upland News to get ALL the Upland doings.

Here Are Real Threats For Trojan Opponents

Marshall Duffield (left) and Orville Mohler (right) are the University of Southern California quarterbacks who have proved to be the arsenic in their opponents' coffee so far this season. Whether or not they can maintain their poisonous pace remains to be seen this Saturday when they perform against the Washington State Cougars at Pullman. Head man, Howard Jones is in center.

Beautiful Packing House Opens Tomorrow

The new house of the Upland Mutual Groves, on Euclid avenue at Santa Fe tracks will be opened to the public tomorrow. No set program has been arranged and Manager Harry Brown and the entire personnel of the organization invite the public to see the plant and equipment tomorrow morning and afternoon.

CALIFORNIA DEATH RATE GROWING LESS

Downward Trend Is Shown
During Past Ten Years
Despite Rapid Growth

California's immense growth in population during the past ten years has been followed by a constantly decreasing death rate, according to the state department of public health.

Despite the large influx of elderly people and ill persons from all parts of the nation, California's mortality rate, in the light of revised figures, compares favorably with those of other states. The new figures reveal that the state had a death rate of 11.9 per thousand population last year, instead of 14.7 as recently announced.

The revision comes as a result of the completion of California's census and the new figures supplant those based upon estimates made from year to year of the state's population during the last decade.

"General health conditions in California are especially good," Dr. Walter M. Dickie, chief of the department said, "As is demonstrated by the new mortality rate statistics. In spite of the heavy migration of invalids to this state, California's death rate is lower than the general death rate for many other states of the Union."

The number of deaths for each of the years from 1920 to 1929 and the old and new death rates are shown in the following table compiled by Mrs. M. E. Sraas-burger, department statistician.

Year	Deaths	Old Rate	New Rate
1920	47,124	13.5	13.3
1921	47,339	13.2	12.6
1922	51,968	14.1	14.1
1923	54,416	14.5	13.0
1924	56,751	14.5	12.8
1925	56,707	14.1	12.2
1926	58,742	14.2	12.1
1927	61,430	14.5	12.1
1928	66,249	15.2	12.5
1929	65,363	14.7	11.9

Safety First
Pauline: "Don't you love an evening like this?"
Paul: "You bet, but I generally wait until we get a little farther out in the country."—Ferguson, Cross Section.

Methodist Women in Three Meetings

A very profitable and altogether enjoyable all-day meeting of the Presbyterian women's organizations was held at the church Tuesday, and drew a splendid attendance.

The Women's Missionary society met in the morning and in addition to caring for routine matters, the women had the pleasure of listening to a most enlightening address on the work of the Board of National Missions by Miss Roberta Barr, a member of the board.

A luncheon was served at the noon hour, members of all the organizations participating, and in the afternoon Miss Barr again appeared, speaking before the meeting of the Ladies Aid society. At the conclusion of the Aid society meeting, an "at home" was held for all members of the church, the Frances Paul Girls being in charge and serving tea to a large number. For two hours the attendants mingled in pleasant social enjoyment and during the time a delightful program arranged by Mrs. Winifred Johnson was presented. There were organ numbers by Mrs. Johnson, a group of beautiful duet numbers by Miss Sarah Louise O'Brien and Miss Phyllis Moore, and two splendidly rendered vocal solos by Ted Moses, while Mrs. Clair E. Kirk delighted her audience with two enjoyable readings.

The floral decorations used for the occasion were many colorful zinnias.

According to Dr. Hill there will be fifteen Monday lectures between now and December 15 for the teachers of the district. This system of weekly lectures has proven a good one from a teacher's point of view, as it takes the place of the old plan of holding institute for a week during Christmas vacation. The plan has become popular at Chaffey.

After December 15 institute will be over except for two days in Los Angeles the latter part of the first week or vacation, as well as during the first part of the same week while school is still in session here.

Orientation students will be given credit in this subject for attendance at these Monday lectures, providing they take an examination at the end of the se-

mester. The quiz will not be hard, and attendance at their regular orientation class will not be required if they attend these lectures.

Four Hunters on Trip

On their annual hunting trip, Ernest C. Mehl, G. A. Brest, W. C. Cline and C. K. Francisco were in Bishop most of this week and they were expected in Upland late this afternoon.

Leaving early in the week, the quartet went north. A year ago they motored through Northern California on a hunting jaunt.

W. W. CUSHING IS AGAIN PRINCIPAL OF NIGHT SCHOOL

October 21 Is Date Announced
As Opening Eight Weeks
of Night School

Opening Tuesday evening, October 21, night school classes will continue for eight weeks. Following the eight week period, classes will close for the winter months probably to open again in the spring.

The list of courses to be offered is not yet available but will appear in the paper next week. W. W. Cushing, physics teacher for high school and college here will be the vice principal of the local night school. He acted in this capacity last year, and by his friendly advice and amiability made himself popular with attending students.

Night school was organized at Chaffey for the first time twelve years ago for those people in this district who could not be because of outside influences, attend school in the daytime. Particularly vocational subjects, those which would be of most practical use, were taught, as well as several academic studies. At the present time the policy is the same, except for the addition of several more academic subjects. Attendants at night school last year obtained many good things from the curriculum offered, and officials anticipate a record attendance this fall.

NEW CONTINUATION LAW

During the month of July, 1930, the new Continuation Law, went into effect. This new law is in effect at the continuation school a branch of Chaffey, which is located at the corner of Euclid avenue and Fifth street, and is now open for the year from 8 a. m. to 5 p. m.

The purpose of the continuation school is to give education to employed minors. It is required that the employed minors attend school 4 hours per week, and that the unemployed minors attend school three hours per day instead of the former requirement.

Mrs. Palmer, who is at the wheel of the continuation school, and who is working with Dr. Hill, principal of Chaffey, stated, "The principal thing is that all young men and women are either attending school or are working at some worth while job. We now have a splendid program for the attending continuation students, which provides guidance, placement, and follow-up service."

Pretty Dime Thin
Colored Rookies: "I'd like to have a new pair of shoes, suh."
Sergeant: "Are your shoes worn out?"
"Worn out! Man, the bottoms of mah shoes are so thin Ah can step on a dime and tell whether it's heads or tails."

Track Prospects Are Bright

Chaffey J. C. is looking forward this year to one of the greatest track seasons in the history of the institution. With a wealth of new material coming up from the prep schools and the veterans of last season's team the J. C. will have one of the most formidable arrays of track stars to be found in any J. C. on the Pacific coast.

Chief among the many well known stars will be Herman Fink, former Southern California discus champion, Warren Foote, who won the mile in the Huntington Beach Track Tournament last year with the time 4 min. 40 seconds.

"Bull" Dornin, well known here at Chaffey will be back in school for the track season. Dornin is a former C. B. L. shot champion and veteran of last years J. C. team. Another well known track man around the Chaffey campus is Keith Petch, hurdler, who set a new southern counties record in the Huntington Beach meet last year.

There will be several new sprinters of repute out this year. Allen, a 100 and 220 yd. man from Perris is expected to show up well. Seapy from Chino, winner of the Tri-County League sprints last year will be a valuable addition to the team. Elwood Kirkpatrick, star sprinter from last years Chaffey high school team is expected out also. Among the 880 men out will be Rothrock, holder of the 880 record for the Tri-County League. Hubert Weiden, captain of last years track team at Chaffey high is expected to show up well this year. Walter Matlin, ex-Chaffey track man will be out this season also.

Bill Bosch, winner of the 440

A colored bootlegger (three jumps ahead of the officers): "Gimme a ticket on de speediest train whut runs. I craves distance and needum mind where to." Ticket Agent: "But the fast train just left." C. B. "Never mind. Jest show me de track what it left on."

Ask the Traffic Cop
Motoring Mike says: "Not all the woodenheaded drivers are found on golf courses."

... Economical Transportation for you!

RIDE the Big Red Cars next time you come to town. It is the most economical way. Users of the Monthly Pass and Commutation tickets travel for but a fraction over ONE CENT per mile... lower, decidedly than the cost of driving your own car.

Lean back in the comfortable seat... relax, read, or just enjoy the sights along the way.

Safely...swiftly, a trained man drives you to your destination...no traffic jams...no parking problems.

From all parts of the Southland, schedules have been carefully arranged to meet with your convenience.

Why not give the Big Red Cars a trial on your next trip to town? Learn their decided advantages. Call the local Pacific Electric agent for schedules.

TYPING INTEREST INCREASES IN CLASS

There is an increase of fifty per cent in the number of students who are taking typing this year. This is due to the fact that the colleges require more typewriter work as it saves much time. Typing is used in every line of work and is a great aid in business. People are buying typewriters for use in their homes as prices are more reasonable and people can better afford to buy them.
